I am a descendant of the line
That shall reign forever
The blood of Atilla flows in my veins.
I am a lord of time
In my kingdom of shadows
King of the Endless
And it never fades.

(You shall not love)

I count down the drops of time
From the river of eternal fire
My green fairies are guiding me.
(You shall not love!)
I drink from the innocent chalice,
Feed on the living existence,
Listen to wondrous sounds
From the deeps of dreams.
I will hear a heart's beating
Even from the edge of the world
(Blood is the life and it shall be mine)
The blood is the life.

(No - I can love and I shall love again)

I've crushed the Pagan Army
The Crescent Empire
I have impaled!
I have ruptured the bodies...
Back then I have served the Heavens
I was the God's Messenger
I have served faithfully!
Believing all his words.

Then my God has changed
My victory into defeat
(She is cursed)
Where is my God?

CHORUS:

Darkness calls, Darkness

Shall dance around us
For the last time,
You'll be with me again
Until dawn puts out the stars
That still shine in your eyes.

(She took her life by her own hand)
(Her soul cannot be saved)
(She is cursed)

Heavens shall freeze still
Earth shall tremble in fire
(Such is the law of God)
Hell for all the living.

Heavens have frozen still
Earth has trembled in fire
Hell for all the living,
The blood is the life!
I've loved with all my soul
I've praised every moment
In the name of eternal love
In the name of dreams.

You have taken away my love!
You've turned my life to un-heaven!
That is why I am
Now cursing you!

Darkness calls, Darkness...

(You lie. I can love and I will love again)

Another century of sorrow,
Another year of hope,
Another day in madness,
I wait in the depth.
He cursed away every moment,
Took away the last sparks hope,
Cast out from Heavens into Void,
Tore down the dreams.

I have loved with all my soul,
I have praised every moment,
In the name of eternal love,
Look into what has my God
Now turned me!

Darkness calls, Darkness...

(This is my rich reward)

(For defending the Church of God)

(I renounce God)

(I renounce You)

(From my own grave I shall rise)

(And avenge her with the might of all Darkness)
