You've become THE ONE you wanna be...
Lord of Light and evil Darkness King...
No one begged for more than you could give...
Say then why you've let your nation down?

Stay out of our life!
Nothing's like you have promised...
See our cry!
Land - the ocean of fear...
You're growing on blood!
The end of your days is coming...
Worship won't last - no man will shed a tear...

You've become just a forgotten dream...
Opium - for the tired, weak and sad...
You were the faith and our blessing day...
Say then why you've let your nation...
DOWN?

Your fright's all around!
Day after day gets stronger...
See what you've got!
Land - the ocean of blood...
So you have blood!
Funeral of our brothers...
So you have death!
Land - the ocean of graves...

You've become who I don't wanna be...
Lord of Light and evil Darkness King...
You've violated our secrecy...
Pain and suffering are your only gifts...

You're nothing but a nightmare now!
Hell - for people who are weak and sad!
You were the hope and our rising sun!
Say then why you've let your nation down?

Stay out of our life!
Nothing's like you have promised!
See our cry!

Land - the ocean of fear!
You're growing on blood!
The end of your days is coming...
Worship won't last!
Die in the ocean of tears!!!

It's time... it's time... IT'S TIME!!!
