You give me chances and I let you down  
You waited for words that I couldn't get out  
I have no excuses for the way that I am  
I was clueless and I couldn't understand

That all that you wanted  
And that you needed  
Was a side of me I never let you see  
And I wish I could love you  
And make you believe it  
Because that's all you ever wanted  
That's all you ever wanted  
From me, from me

Could I be selfish, or lost in my pride?  
Afraid to be forward or just too scared to try?  
Now I'm without you and it's a distance to see  
That losing you means losing everything

When all that you wanted  
And that you needed  
Was a side of me I never let you see  
And I wish I could love you  
And make you believe it  
Because that's all you ever wanted  
That's all you ever wanted  
From me

Well is it too late  
And are you too far  
To turn around  
And let me be, let me be

All that you wanted  
And that you needed  
I'll show the side of me I never let you see  
I wish I could love you  
And make you believe it  
Because that's all you ever wanted  
That's all you ever wanted  
Yeah, that's all you ever wanted  
That's all you ever wanted

From me  
Oh, from me
