You try not to look at me
Scared that I'll see you hurting
You're not hiding anything, no
And frankly it's got me worried
Nobody knows you better than I do
I keep my promises, I'm fighting for you

You're not alone
I'll listen till your tears give out
You're safe and sound, I swear that I won't let you down
What's hurting you I, I feel it too
I mean it when I say
When you cry, I cry with you, with you

I'm not going any place
I just hate to see you like this
No, I can't make it go away
Oh, but keeping it inside won't fix it
I can't give you every answer that you need
But I wanna hear everything you wanna tell me

You're not alone
I'll listen till your tears give out
You're safe and sound, I swear that I won't let you down
What's hurting you I, I feel it too
I mean it when I say
When you cry, I cry with you, oh
Yeah, I cry with you

You need love tough enough to count on
So here I am

You're not alone
I'll listen till your tears give out
You're safe and sound, I swear that I won't let you down
What's hurting you I, I feel it too

I mean it when I say
When you cry, I cry
I mean it when I say
When you cry, I cry with you, oh
You're not alone, oh no, baby
