I wish that couple on the corner would just get a room
Seems like everyone around me is on their honeymoon
I'd love to take a pin to a heart-shaped balloon
Everybody's got somebody but me

Well I don't know how I landed on this movie set
It's like a casting call for a Romeo and Juliet
I'd never would've noticed if we've never met
But everybody's got somebody but me

And I miss you
Without you I just don't fit in
I know we're through
But I'm wishing we can try it again

I hear love songs playing on the radio
People slow dancing everywhere I go
Well I'm a good slow dancer but you'd never know
Everybody's got somebody but me
Ya they do

Everybody's got somebody

And I miss you
Without you I just don't fit in
I know we're through
But I'm wishing we can try it again

Sittin' here lonely at a table for two
Watching lovers being lovers in the corner booth
Seems like even Cupid don't know what to do
Everybody's got somebody but me
Ya, I don't know if I'll ever find another you
But everybody got somebody but me

Everybody

Got somebody

Everybody(3 times) but me now

Everybody but me

I miss you

Everybody's got somebody but me
