how do i forget?

i know the cause
i know the reason
i know it's over
but i just can't believe it
i don't want you back
i don't want romance
i don't want your love
i don't want another chance

tell me...
how do i forget?

it's all so different
different than before
i found a job
at the video store
i see your face
in every line
i hear your voice
and it almost makes me cry

i can't go out anymore
it just doesn't feel right
i take the phone off the hook
on saturday night
i forget names
and i forget my keys
but i just can't forget you
baby please please please
