It's only fitting
That while we were splitting
You were lying on his bedroom floor
I was sitting
On the phone mind spinning
You were lying in my ear once more

There's ladders and snakes
And we've all made mistakes
And mine was loving you
It's gone much too far
When your blood red heart
Turns a deeper blue

Who's gonna love u now?
Who's gonna love u now?
This time
Who's gonna love u now?
Who's gonna love u now?

Those guys were rotten to you
When they were wanting to do
Things you could do without
Gone and forgotten
When you hit rock bottom
And I'm not around to pull you out

There's ladders and snakes
And we've all made mistakes
And mine was loving you

It's gone much too far
When your blood red heart
Turns a deeper blue
Oh

Who's gonna love u now?
Who's gonna love u now?
This time
Who's gonna love u now?
Who's gonna love u now?
This time

It's only fitting
That while we were splitting
You were lying on his bedroom floor
I was sitting
On the phone mind spinning
You were lying in my ear once more

There's ladders and snakes
And we've all made mistakes
And mine was loving you
It's gone much too far
When your blood red heart
Turns a deeper blue
Oh

Who's gonna love u now?
Who's gonna love u now?
This time
Who's gonna love u now?
Who's gonna love u now?
