Well...

Just the other night I come home
After three months of constant grind and travel
And I went snivellin', I went crawling around to my
girlfriend's house
She came down hard upon me
And she ground her finger into my breastbone
And she said, she said:
"You don't make me feel like I'm a woman anymore
and you don't make me feel like I'm a woman
anymore...
You don't make me feel like I'm a woman anymore!"
And I know, I know it's been a long time
Seems like it's been going on forever...
And my heart...
My heart is beating too big
It's beating too big
for the space that's meant to hold it
So goodnight...
Goodnight my little lovely
As we turn
As we turn down the lights
Say goodbye
Goodbye to the naked truth

Your skin is lookin' weary
And your eyes are closing down on the day
(You don't make me feel like I'm a woman anymore...)
Yeah, I know
I know it's been a long time...
Seems like it's been goin' on forever
But just as black is white
Yeah and just as night is day
The light is gonna leave you
And you're gonna fade away
So goodnight...
Goodbye my little lovely
As we turn
As we turn down the lights
Say goodnight
Goodnight to the naked truth
Your skin is lookin' weary

And your eyes are closing down on the day
