My ears are ringing and the eyes have it
Lean your head to the wall
And these walls have ears
And those ears are ringing
Support this wonderful wall
And inside the mortar scared smells, oh what smells?
Lean your head to the wall
Hear you, hear me, hear who?
Scream you, scream me, scream who?
Help you, help me, help who?
My ears are ringing and the eyes have it
Lean your head to the wall

These walls have ears
And those ears are ringing
Support this wonderful wall
And inside the mortar there's talk about
Lean your head to the wall
Hear you, hear me, hear who?
Help you, help me, help who?
Scream you, scream me, scream who?
This can't be happening, this can't!
This can't be happening in the beauty of my home
In the beauty of my home
Scream who!
