Oh life can be so good
You don't need my to hold you're hand
I hope that it's understood
You've had no one you don't need me to stay

'cause i don't want it to end this way
I don't want you to cry
I don't wand it to end this way
I don't want you to die

(??) falls back easily
I didn't know that yours was (??)
I just saw that somethings different here
Oh tell me what i have to do

This way tonight please promise me
You'll sleep and dream and wake up once again
Oh don't be a casualty
Don't leave you're life don't miss what might happen

'cause i don't want it to end this way
You have so much life
I don't wand it to end this way
I don't want you to die
