"Let's Go To Haddonfield"

Twenty years ago he took away his sisters life
There's still one left that's still alive
And he's on the loose tonight

Run run jamie lee
Run as fast as you can
Run run jamie lee
Away from the boogie man

Let's go down to haddonfield
That poor girl her fate is sealed
His psycho mind just can't be healed
Oh no oh yeah

Micheal's on a mission and the nightmare's just begun
It's halloween and the mask is on so it's time to
Have some fun

Go go donnie p
Go catch him if you can
Go go donnie p
And catch that boogieman
