Bored again and it's just no fun
Nowhere to go and I got no one
To take if I had somewhere to go
Why do I have to be so shy?
Should I sit around and wonder why?
Or should I break down and let you know?

Drove by your house 10 times today
I would stop but I couldn't stay
Yeah I know my nerves would eat me up
Maybe I should try the phone
I'll get lucky and you won't be home
But if you answer I'll be stuck

Cause I've got nothing to do
I bet you're doing the same thing too
So why don't we sit around
And do nothing together?
Cause I love to waste your time
And I'd gladly give you mine
Cause 2 doing nothing sounds so much better

All alone on a Friday night
If I could muster up the nerve I might
Drive by your house just one more time
I've been thinking about this all day
Testing out all the words I'd say
Just a few more stones
And I'll be fine

I'm sorry about your window
I didn't mean to throw so hard
But I was standing in your neighbors yard
And you looked down at me and said

I got nothing to do
I bet you're doing the same thing too
So why don't we sit around
And do nothing together?
Cause I love to waste your time
And I'd gladly give you mine
Cause 2 doing nothing sounds so much better
