Mom's yellin' get a job  
Dad's callin' me a slob  
But i don't wanna work  
For no minimum wage  
I was late for class again  
Teacher gave me detention  
And she said boy you better  
Start actin' your age

I wake up every single day  
Tryin' to think up a way  
To get through  
Without gettin' pushed around by you

And i say woh-oh-oh-oh  
And you say woh-oh-oh-oh  
And we just don't care about that anyway  
Woh-oh-oh-oh

All the jocks think i'm a geek  
They beat me up 3 times a week  
And i couldn't get a girl to save my life  
My neighbor says i got no taste  
He thinks that my whole life is a waste  
This comin' from a guy that beats his wife

Parents are thinkin'  
Rehabilitation  
Principal wants to send me  
On a long vacation  
But they don't know about me  
It's more than what they see  
I'm not a teenage sickie  
I know that 1 and 1 is not 3
