(Intro)

Yea yea

Ha ha, it's 51-50

Mah

Hurricane!

I've been reppin my hood all my life nigga

If you scared to represent where you from then you
need to move to the back

(Verse)

I've been reppin my hood for a minute

Ain't gon never let no nigga stop me from representin

See the grow to the fullest so it's in me

Any sign of disrespect will get you blowed out your
tennis

In the middle of the streets, let's get it

I'm a east side veteran, you dealin with a menace

We don't let them wonder down, we hop out and get up
on em

Close range, put a hole in a nigga

Bang wutchu bang dog? I think you're scared

Nigga like me gon stand over you just to make sure
that you care

3's in the Cadillac, with the infrared

Bigger than me like you're stupid, that's how you get
one to the head

Soundtrack to the fullest, I throw that shit in and out

Say you gon throw in here of that feel on fight back

So cross me and take a loss, I'm throwed off

Stomp the shit out that ass, bang again, roll

(Bridge x2)

What happenin? What's crackin?

What happenin? What's crackin?

What happenin? What's crackin?

What happenin? (What happenin?)

(Hook)

I'm 101, I'm 101

I'm 101, 51-50

I'm 101, I'm 101

I'm 101, 51-50

(Verse)

Yea you was pretty tough last week
Actin bad with your peeps, going hard superdeep
But when I touch er by yourself you a slent
Cuz you ain't bout it private, you need to stop lyin
Muck ass nigga, cripple me and I'mma trial
Take a trip to my hood where we really get it poppin
They twistin up signs, quick to put it on yo mind
Yea he 15 years old but he know how to work that iron
And these ratchet ass hoes, he ain't gon give em a
dime
His daddy taught him that, he used to hustle flip and
crack
I'm comin straight out of Louisiana, that gangsta shit
And I be bumpin UGK on my way to pick up yo bitch
Got them twistin up these bangers, tell a DJ play my hit
That's 50 51-50, man I'm Hurricane Chris

(Bridge x2)

What happenin? What's crackin?
What happenin? What's crackin?
What happenin? What's crackin?
What happenin? (What happenin?)

(Hook)

I'm 101, I'm 101
I'm 101, 51-50
I'm 101, I'm 101
I'm 101, 51-50
