Just a stick around beg around huggin' ,
Take a lift to the west
There's not not a way
I'm so tired got to get away
I'm on track
So don't you ever call me back

Get away
I'm thirtyeight
You never gettin' in

Here i am on the road again
Take a chance of a driving man
Goin' up , goin' down
Like a bumble walking in the town
I'm on track
So don't you ever call me back

Get away
I'm thirtyeight
So don't you ever call me back
