I'll take one, 'cause I needed to feel it so much
I had an emotional crutch, but
I'm feeling bored so I'll take some more
Cause nothing is happening
And once you told me that you loved me so much
I foolishly began to trust, but
Now I'm ignored and I'm taking more, till
Something is happening.

I'll take one 'cause I needed to feel it so much
I needed that thing we call fun, but
Now I'm ignored and I'll take some more, till
Something is happening
Cause once I thought you were right here with me, so
Maybe I'll take two or three
Until I believe what I have seen is really happening.

Morpheus! How could you leave me when I had need of
your love?
Stop holding back!
Give me one reason to think you're decent
When I am alone
Don't you ever try to bring me back

With this one I needed to feel you so much,
I wantingly longed for your touch, but
Now I'm ignored and I'm feeling bored
'till something is happening.
Cause once I thought you were right here with me, so
Maybe I'll take two or three
Until I believe what I have seen is really happening.

With this one I needed to feel you so much
I needed that thing we call fun.
Now I'm ignored and I'm taking more, till
Something is happening
Cause once I thought you were right here with me, so
Maybe I'll take two or three
Until I believe what I have seen is really happening.

No no more!

God Morpheus why did you leave me when I had need
of your love?
No holding back now!
Give me the real thing!
I've got a reason
When I am alone
Don't you ever try to take me back.
