Let's go!

I've broken up with you, but I'm still in love with you,
You were everything to me, it's so hard to move on,
I gave you all my love and I gave you all my trust,
But now I can't go on, one week has been so long,
The other day I saw you, standing at the curve,
I was with my friend, my vision turned to blur,
You meant so much to me, you don't understand,
I wish I could see you again and still hold your hand,

The story, behind you, I must, remind you,
How we, once were, but now, we're a blur,
The story, behind you, I must, remind you,
How we, once were, but now, we're a blur,

Let's go!

Can't we just go back in time and be together,
I need you so much, I want you to remember,
The good times we had, looking back makes me sad,
(It makes me sad, it makes me sad)2x
I can't stop thinking of you, I want to be with you,
I want you to believe me, I want you and it's true.
(It's true, you know it's true, I love you so much, I love
you so much, I love you so much)

The story, behind you, I must, remind you,
How we, once were, but now, we're a blur,
The story, behind you, I must, remind you,
How we, once were, but now, we're a blur

Let's go!
