I don't mind,
If your hands a little cold
Cause I'm alive,
But I got nowhere to go

So stay with me Evelyn
Don't leave me with the medicine

In the night
As you sit and watch me sleep
I know you cry
But I never want to see
So if you go
I don't know what I'll do
So don't you go
Cause I've got no-one but you

So stay with me Evelyn.
Don't leave me with the medicine (x2)

I see the lights
Casting shadows on my screen
And I don't mind
The lullabies from the machines
But if you go
I don't know what I'll do
So don't you go
Cause I've got no-one but you

So stay with me Evelyn
Don't leave me with the medicine (x2)

I'm more afraid than I've ever been
So stay with me Evelyn
