Our mistake was the love we made I didn't deliberate  
But I never meant you wrong No I didn't mean it

If you've ever lost a loved one I pray for you, I really do  
If you've ever lost a loved one I pray for  
you...

'Cause there s a sad and lonely comfort In the hollow of  
your eyes But don't you let it take you over  
'Cause it will eat you up inside

I heard you're married to a house carpenter And your  
love will never be mine...

If you're not breathing why am I Left alone in this ship If  
you're not breathing Why am I left alone?  
With a sad and lonely comfort Of the hollow in your  
eyes But don't you let it take me under 'Cause it  
will eat me up inside

I'm sure you're married to your house carpenter And  
your love will never be mine ... All the pain and  
the way it was All of the shame and the hate, because I  
was in love with the way it was All that I do I  
do for you

All the pain and the way it was All of the shame and the  
hate, because I was in love with the way it was

All that I do I do for you If you're not breathing Why am  
I? left alone in this shit. If you're not  
breathing Why am I left alone?

With a sad and lonely comfort Of the hollow in your  
eyes But won't let it take me over 'Cause it will  
eat me up inside

I'm sure you're buried with your house carpenter And  
your face I'll never see no more Your face I'll  
never see no more Your face Your face Your face Your  
face...

With a sad and lonely comfort Of the hollow in your  
eyes But I won't let it take me under 'Cause it will  
eat me up inside

Yeah I heard your married to a house carpenter And  
your love will never be mine No, your love will never  
be mine...

(1 min.29 secs you hear rain then music starts up again  
then you hear womens voice say)

I love you so much
