Bend over, I seem to love you now  
Oh we've been over this for far too long  
To argue about these little things I've done  
So get over it  
And I'm done here and now  
Learn to shoulder it

With this cold shoulder  
I seem to taunt you  
Although we've been over this  
Far too long  
To argue about these little things I've done  
Here and now  
But you'll get over it  
When I've won you will know  
To get over it

And you...  
You hate me, I hate me too  
You hate me, I hate me too  
Hate gives me hate in you  
Cause you hate me, so I do, too  
Hate is me, hate is you  
If you hate me I hate me too  
I'll hate you so long

Come on and let me be  
I do not want to be a bother  
But you will not tell me please  
I cannot bear this any longer  
When you want me I have needs  
And I don't want to be a bother  
But I wear them on my sleeve  
And I don't want them any longer

And you...  
You hate me, I hate you  
You hate me, I hate you  
Hate gives me hate in you  
Cause you hate me, so I do, too  
Hate is me, hate is you  
If you hate me I hate me too

I hate to tell you

Come on and let plead  
I do not want to be a bother  
But you will not tell me please  
I cannot bear this any longer  
When you want me I have needs  
And I don't want to be a bother  
But I wear them on my sleeve  
And I don't want them any longer
