The Seer - HURT

You'd have to see it with my eyes, cause it sure was quite a sight.

Just the way she looked with men like me surrounding....

Like a needle in the eye, at the party the other night.

When she looked at me, I knew it'd be a good night.Â

Intervene us....

Have you seen her like I have?

Have you seen her?

Have you looked at what I have?

If this is the chosen way, there's the thing to say, there goes a good friends alibi. Something is out of place in her drive way, you know it's me so good night.

Goodnight.

As you intervene us.

Have you seen her like I have?

Have you seen her?

Have you looked at what I have?

She makes you feel just like a man, and thats the only thing I have!

I am the seer. I am the seer.

So if this is his chosen way, to cure heartache.

You cleaned up a needle with fire and told meÂ

Goodbye. Goodbye.

Goodnight! Goodbye!Â

Goodnight! Goodbye!Â

Goodnight! Goodbye!

As you intervene us....

Have you seen her like I have?

Did you reach it?

Have you looked at what I have?Â

As you intervene us....

Have you seen her like I have?

Oh,Â Have you seen it?

Have you looked at what I have?

She makes you feel just like a man, like that's the only thing I have.

I am the seer. I am the seer.

Goodbye, goodbye, goodnight, goodbye.
