I stand in the distance,  
I watch from afar  
Should I offer my assistance  
Should it matter who you are  
We all get hurt by love,  
and we all have our cross to bear  
But in the name of understanding, now  
Our problems should be shared

Confide in me, confide in me

And I can keep a secret  
and throw away the key  
But sometimes to release it  
is to set our children free  
We all get hurt by love,  
and we all have our cross to bear  
But in the name of understanding now  
Our problems should be shared

Confide in me, confide in me  
(Confide in me, confide in me)  
(Confide in me, confide in me)  
Confide in me  
(Confide in me, confide in me)  
Confide in me

Stick or twist, choice is yours  
Hit or miss, what's mine is yours  
Stick or twist, choice is yours  
Hit or miss, what's mine is yours

We all get hurt by love,  
and we all have our cross to bear  
But in the name of understanding now  
Our problems should be shared

Confide in me, confide in me  
Confide in me, confide in me
