inside the heart of every man
there is so much to understand
and i'm just the same

when all the love has gone away
and passion stares me in the face
could i walk away

ears open
you'll help me to be brave

devotion save me now
i don't wanna stray from the hallow ground
i'll turn temptation down
i'm asking you to take me to safety this time

forgive my thoughts when i'm asleep
forgive these words i'm yet to speak
i feel so ashamed

right now you seem so far away
so much confusion clouds my mind
and i don't know which path to take

ears open
you'll help me to resist

devotion save me now
i don't wanna stray from the hallow ground
i'll turn temptation down
i'm asking you to take me to safety this time

devotion, devotion
i'm a slave onto the mercy of your love
for so long i've been so wrong
i could never live without you

devotion, devotion
take me to safety
