(Verse)

In a place close to nowhere
You lift me off the ground
And in your arms it feels like heaven
So wrap your wings around
Lay all over me and cast away my doubt

(Pre-Chorus)

My heart is empty
And only you can tempt me

(Chorus)

Is this hell or heaven?
I can't tell when we're together

(Verse)

Give me strength, give me shelter
Underneath your shroud
And tell me your love will last forever
And I'll wear your heavy crown
And together we will never come back down

(Pre-Chorus)

My heart is empty
And only you can tempt me

(Chorus x2)

Is this hell or heaven?
I can't tell when we're together

(Bridge)

No matter where I run
There's something about your love
What have I become?
There's something about your love
There's something that makes me use my mind and
never come back down

(Pre-Chorus)

My heart is empty
And only you can tempt me

(Chorus x2)
Is this hell or heaven?
I can't tell when we're together
