I think we'll never change  
And our hearts will always separate  
Forget about you  
I'll forget about you

The things we never say  
Are better often left alone  
Forget about you  
I'll forget about this time

But it's the same old situation  
We made it through this far, oh  
We watched the rockets kiss the sky  
I saw the flames burn out in your eyes

And nothing that I do  
Will ever be enough for you  
Whatever I do, whatever I do

Take me as I am  
I'll never be the other man  
Forget about you  
I'll forget about this time

So won't you save this conversation  
And find a better time, oh, oh  
And don't you ever understand  
That if it hurts, I'll do whatever I can

And if it's set in motion  
I'll watch it all pass by  
And leave the rest unspoken  
I'll never change my mind

Leave it unspoken, leave it unspoken  
Leave it unspoken, leave it unspoken now  
And leave it unspoken, leave it unspoken  
Leave it unspoken, leave it unspoken now

Leave it unspoken, leave it unspoken  
Leave it unspoken, leave it unspoken now  
And leave it unspoken, leave it unspoken

Leave it unspoken, leave it unspoken now

So just let me go  
I won't change my mind  
I'd rather be lonely  
Than be by your side

And nothing you say  
Could save us this time  
I'd rather be lonely
