Love and hate was in the air  
Like pollen from a flower  
Somewhere in April time  
They add another hour

I guess I better think up a way to spend my time  
Just when I'm ready to sit inside, it's summertime  
Should I go swimming or get a friend to hang around  
It's back to summer, it's back to basics, hang around

Getting drunk out on the beach  
Or playing in a band  
And getting out of school  
Meant getting out of hand

Was this your celebrated summer?  
Was that your celebrated summer?  
Was this your celebrated summer?

Then the sun disintegrates  
Between a wall of clouds  
I summer where I winter at  
No one is allowed there

Do you remember when the first snowfall fell?  
When summer barely had a snowball's chance in hell?

Was this your celebrated summer?  
Was this your celebrated summer?  
Was this your celebrated summer?

Do you remember when the first snowfall fell?  
Was that your celebrated summer?
