Well, could you be the one they talk about?
Well, hiding inside behind another door
Or is it only happiness you want?
Does wanting a feeling matter any more?

It doesn't mean that much to me
Sometimes I don't mean that much to you
And I don't even know what I'm hiding for
And I don't even know what I'm crying for
Don't even know what I'm hiding for
I'm hiding inside, I'm crying inside

Well, could you be the one they talk about?
Well, life is a game that only you can make
Well, maybe I'm about to throw it out
I've given it all, that's all that I can take

It doesn't mean that much to me
Sometimes I don't mean that much to you
And I don't even know what I'm hiding for
And I don't even know what I'm crying for
I don't even know

Well, could you be the one? Could you be the one?
Could you be the one that's hanging all around?

Don't even know what I'm crying for
I don't even know what I'm hiding for
I'm crying inside, I'm hiding inside

Yes, don't even know what I'm crying for
I don't even know what I'm hiding for
Don't even know, could you be the only
Broken hearted one?

Well, could you be the one? Could you be the one?
Could you be the one that's hanging all around?

Don't even know, well, don't even know

Well, could you be the one? Could you be the one?
Could you be the one? Could you be the one?
