Deadly skies, deadly night dreams
Well, it's no lie to say what I've seen
I've seen the end of the grand scheme
'Cause we all die by our worst means

I'd like to protest, but I'm not sure what it's for
I guess, I've got no control over the threat of nuclear
war
I made a sign to carry to show that I really care
I've heard it does some good if the television people
are there

Deadly skies, deadly night dreams
Well, it's no lie to say what I've seen
I've seen the end of the grand scheme
'Cause we all die by our worst means

I like to protest, but I'm not sure what it's for
I guess, I've got no control over the threat of nuclear
war
I made a sign to carry to show that I really care
I've heard it does some good if the television people
are there

Dead trees, dead leaves, deadly skies

I like to protest, but I'm not sure what it's for
I guess, I've got no control over the threat of nuclear
war
I made a sign to carry to show that I really care
I've heard it does some good if the television people
are there
Deadly skies
