I'm curious to know exactly how you are  
I keep my distance but that distance is too far  
It reassures me just to know that you're okay  
But I don't want you to go on needing me this way

And I, I don't want to know if you are lonely  
Don't want to know if you are less than lonely  
Don't want to know if you are lonely  
Don't want to know, don't want to know

The day you left me, left me feeling, oh, so bad  
Still I'm not sure about all the doubts we had  
From the beginning we both knew it wouldn't last  
Decisions have been made, the dye has been cast

And I, I don't want to know if you are lonely  
Don't want to know if you are less than lonely  
Don't want to know if you are lonely  
Don't want to know, don't want to know  
Don't want to know

Don't want to know, don't want to know  
Don't want to know, don't want to know  
Don't want to know, don't want to know

The phone is ringing and the clock says four a.m.  
If it's your friends, well, I don't want to hear from them  
Please leave your number and a message at the tone  
Or you can just go on and leave me alone

But I, I don't want to know if you are lonely  
Don't want to know if you are less than lonely  
Don't want to know if you are lonely  
Don't want to know, don't want to know

Don't want to know if you are lonely  
Don't want to know if you are less than lonely  
Don't want to know if you are lonely  
Don't want to know
