Hate paper doll
You never get cut but you're looking at me
Hate paper doll
You never get back but you never can see

[Incomprehensible], cut from a sack that you got on the
TV
Paid for it all, taking it back 'cause I wanted it free
I wanted it free now, you want it to be just like me now

I said, hate paper doll
You never get cut but you're looking at me
Hate paper doll
You never get back but you never can see

I said, hate paper doll, hate paper doll
Hate paper doll, hate paper doll

Taking it all down, cut from the sack you got on the TV,
oh
Paid for it all, taking it back, wanted it free
Wanted it free now, you say, you want it to be just like
me now

I said, hate paper doll
You never get cut but you're looking at me
Hate paper doll
You never get back but you never can see

I said, hate paper doll, hate paper doll
Hate paper doll, hate paper doll
Hate paper doll, hate paper doll
Hate paper doll, hate paper doll
Hate paper, hate paper doll
