You're a student of the world, learning every day  
Surrounded by these walls  
You tell me, "Man, I've been around the block"  
But you haven't seen it at all

I don't know, I don't know  
I don't know what you're talking about  
I don't know, I don't know  
I don't know what you're talking about

Confrontations every day  
Argue, then we go our separate ways  
It's always over as soon as it begins  
Know that you're losing when you can't give in

I don't know, I don't know  
I don't know what you're talking about  
I don't know, I don't know  
I don't know what you're talking about

I don't know, I don't know  
I don't know, I don't know

You live alone and it's always the same  
Talk to yourself when you say that I'm to blame  
There's more to life than being right and wrong  
There's something in between called getting along

I don't know, I don't know  
I don't know what you're talking about  
I don't know, I don't know  
I don't know what you're talking about

I don't know, I don't know  
I don't know what you're talking about  
I don't know, I don't know  
I don't know what you're talking about  
I don't know
