Questions like a candle that's burning at both ends
Never find an answer that fits in your plans

Back and forth between the good and the bad
It's indecision time
You're so natural, you're so free
So don't decide what's best for me

Nothing in your life is ever going on course
You wonder if living can be much worse

Back and forth between the good and the bad
It's indecision time
You're so natural, you're so free
So don't decide what's best for me

Go to the left, go to the right
Your mind is gonna keep you up all night
You twist in your sleep, grabbing the sheets
Sweating to death

Sucking on pollution like a rattle in your mouth
You're a big fucking kid, you don't know what you're
about

Back and forth between the good and the bad
It's indecision time
You're so natural and you're so free
So don't decide what's best for me

Tell me about your fellow man
You wipe their shit all over your hands

Back and forth between the good and the bad
It's indecision time
You're so natural, you're so free

Go to the left, go to the right
Your mind is gonna keep you up all night
You twist in your sleep, grabbing the sheets
Sweating to death
