If I could change my mind
What changes would it bring?
If I could change you
Well, it wouldn't change a thing

So now you know
And now you shouldn't be afraid
And no promise have I made

Tell me a story
Tell me just another lie
Well, I can tell you
Set your expectations high

Well, now I've faced up to you
Facing me betrayed
And no promise have I made

No promise have I made
Have I made, have I made
Have I made

Well, there's some green
And there's some white
And there's some gold
But brighter colors
I have left you to behold

It's your good fortune
There's a fortune to be paid
And no promise have I made

Have I made, have I made
Have I made, have I made
Have I made

Have I made to you
Have I ever made a promise
To you

Have I made, have I made
Have I made

Have I ever made to you

Have I made, have I made

Have I made, have I made

Have I made
