People talk of anarchy  
And taking up the fight  
Well, I'm afraid of things like that  
I lock my doors at night

I don't rape and I don't pillage  
Other people's lives  
I don't practice what you preach  
And I don't see through your eyes

You wanna change the world  
By breaking rules and laws  
People don't do things like that  
In the real world at all

You're no cop or a politician  
You're a person too  
You can sing any song you want  
And you're the same

I can't think of anything  
That makes me more upset  
People talk all this rhetoric  
Forgive but not forget

Oh, I don't rape and I don't pillage  
Other people's lives  
And I don't practice what you preach  
And I won't see through your eyes

You wanna change the world  
Breaking rules and laws  
People don't do things like that  
In the real world at all

You're no cop or politician  
You're a person too  
You can sing any song you want  
And you're still the same

People talk about anarchy  
And taking up the fight

Well, I'm afraid of things like that  
I lock my doors at night

I don't rape and I don't pillage  
Other people's lives  
Oh, I don't practice what you preach  
And I won't see through your eyes

You wanna change the world  
Breaking rules and laws  
People don't do things like that  
In the real world at all

You're no cop or politician  
You're a person too  
You can sing any song you want  
And you're still the same

You're still the same  
You're still the same
