I don't care what they think, I don't care whatcha
drinkin' today
I don't care what they say, I don't care what they're
drinkin' today
I don't care what they say, I don't care I'll be drinkin'
today

I try not to drink anymore, I try not to think anymore
I try not to drink anymore and try not to think anymore

Oh, I don't care what you think, I don't care whatcha
drinkin' today
I don't care what they say, I don't care whatcha drinkin'
today
Whatcha drinkin' today

I try not to drink anymore and try not to think anymore
I try not to drink anymore and try not to think anymore

I don't care whatcha drinkin' today
