On a date with Sharon Tate
I'm gonna pick her up in my new crate
Well, we go to the movies, we go to the drag
The highway patrol puts us both in a bag

Wheels, wheels
Wheels, wheels

Statue of Mary sitting on my dash
Mother, please protect me, help me avoid the crash
I've got a really big engine and it goes vroom, vroom
Could be a cradle, could be a tomb

Wheels, wheels
Wheels

Wheels, wheels
Wheels, wheels
Wheels, wheels
Wheels
