Darkness and voices  
Steps comin' near  
There's mess out of my lifeless cell  
Jingling keys unlocking my door  
Enter light, I'm blind

Dazed and confused  
My hands are tied  
Someone is hauling me out of this cell  
I can't scream, I can't know  
But a voice up there force me to walk

My sight is growing dim  
Sedative reaction  
I don't feel the grief inside  
Start the execution  
No discharge can make me forget  
I am a blameless  
Walking in the deathrow

Here we are  
How cold is this fucking chair  
Oh Go, how many people beyond the glass  
Say hello with the hand  
Say goodbye  
They wanna see you die

Twinkling of an eye  
A life burns away  
You can't know because there's no sense  
The only reason why I'm seated here  
You can't know  
But is the colour of skin

My sight is growing dim  
Sedative reaction  
I don't feel the grief inside  
Start the execution  
No discharge can make me forget  
I am a blameless  
Waiting for the death call

My sight is growing dim  
Sedative reaction  
I don't feel the grief inside  
Start the execution  
No discharge can make me forget  
I am a blameless  
Screaming in the deathrow
