This body, this body is not me  
My slave, my slave to act as I command  
Our time, our time takes it's toll  
Flesh dies, and withers unlike the soul

Unchain my soul  
Where shall I roam  
Revery my goal  
Reaching my soul

My body, my body must leave me now  
And return, and return to earth  
This mind, it is not flesh it cannot die  
Where shall I go, where shall I roam  
Unchain my soul...

This body, this body is not me  
My slave, my slave to act as I command  
Our time, our time takes it's toll  
Flesh dies, and withers unlike the soul

Unchain my soul...

My body, my body must leave me now  
And return, and return to earth  
This mind, it is not flesh it cannot die  
Where shall I go, where shall I roam

Unchain my soul...
