Stoke

The abyss is gazing in your eyes
so close
echoes of fear in your ears
so close
this maniac is your everyday life
and you can't escape it, even if you try

Stoke , Stoke , Stoke

Adrenalin is discharged in your veins
repress your strain and get in on again

You're tremblin around , destruction
Your head upside down, bonefraction
You're rollin away

First round out , now try it once again

Stoke , Stoke , Stoke

Some day you'll cease this chase
So don't stop now, your greed and haste
Unflagging haste
