here in my heart
memories linger
i hold them sacred
safe from all others
angel's tale

a love such as this
once in a lifetime
lost in your beauty
still dreaming of you
angel's tale

you drove the sinner from me
and shone with such glory
touching me softly
my breath torn away

wrapped in a silver veil
under skies so pale
trembling as i watched you
one holy night
angel

snow can be warm
didn't you know that
just like a snowflake
falling from heaven
angel's tale

i kept my feelings from you
the heavens divide us
i longed to tell you
all my heart's desire

if only i had wings
wings as white as yours
up into the sky
i'd surely fly
angel ah

yes, on such snowy nights

memories revive
your eternal flame
burning again secret

here in my heart
memories linger
i hold them scared
safe from all others
angel's tale
