Embraced in all desires  
Hoshi garu karada tsukiru made  
Hayaku nukedasu nara nogasenai moment  
To save you from the dark

I want it higher.  
To get into his light.

Stay on my side mabushii sekai wo misetai  
Let us exceed mou jikan ga nai are you in?

13, 12, 11, 10, 9, 8, 7, 6, 5, 4, 3, 2

Afraid of all the science  
Soredemo motomeru shinka shitai  
Shizumu seijaku kara shinobiyoru countdown  
It is the final call!!

I want it higher.  
To get into his sight.

Stay on my side kara wo hikisaite change our fate.  
Let us exceed chi no hate made are you in?

I wanna be there.  
Need to be closer.  
I want it higher.  
To get into his light.

Stay on my side mabushii sekai wo misetai  
Let us exceed mou jikan ga nai todoke!

Stay on my side genkai wo ima koete
