Feel, I can feel you - the bliss, your kiss
I can't believe it - could this be fate?

Karada wo kaishite dakishime aeba surprise
Kuuryoku no kaihou tamashii wa mou arise

You're part of me,
we're melting into each other
Life's mysteries, no,
none of it seems to matter
I can feel I can feel
I can feel I can feel
Waiting for this time
I can feel I can feel
I can feel I can feel
Now the truth is mine

I didn't notice you here, so near

Words, we don't need them
this soup of the soul

Marude toke nakatta
Kokoro no PAZURU complete
Saigo no PIISU ga ima
Umekomareta so sweet

You're part of me,
we're melting into each other
Life's mysteries, no,
none of it seems to matter
I can feel I can feel
I can feel I can feel
Waiting for this time
I can feel I can feel
I can feel I can feel
Now the truth is mine
