Come and dance with me

All we really need is euphoria
Yeah, move your body to the beat
Kara wo nuide shizentai ni naru
So shake these worries from your head

Kankei nado nai kimi no iro
Shinkou datte suki de ii
Tadoreba sou, onaji idenshi
Yuketsu datte kanou sa

See the bigger picture
It's not so hard,
there has to be a better way?

No walls - embrace a world as one
Where music will guide us
guitars instead of guns
We'll play in harmony
it should be so easy
Come and dance with me

Music's breaking down all the barriers
We don't have to feel earthbound

Kankaku wo sou, togi sumashite
As we surf the waves of sound

We can come together
It's not so hard to
open up our hearts to love (yeah)

I woke up one morning
I'd had a dream so real
We noticed our part in the shame of history
Now we're walking
we're running, our mission is the same
We'll reach our destination and realize the dream

No walls - embrace a world as one
No walls - embrace a world as one

Where music will guide us
guitars instead of guns
We'll play in harmony
it should be so easy
Come and dance with me
Come and dance with me
