Look at me  
What you see  
Iâ€™m the fool like you wanted me  
Acting stupidly  
And you know  
That itâ€™s true  
I will do what you want me to  
What you want me to  
Itâ€™s just another day  
No more time  
I need time  
Break my plans and Iâ€™ll fit it in  
Cause Iâ€™m giving in  
Normalcy could it be  
Just the same as insanity  
We will wait and see  
CHORUS  
Cause I would follow you in blind  
But would you justify my crime  
Sending one more down the line

God I think Iâ€™m going blind  
One more day  
To betray  
What you say am I listening  
Iâ€™m not listening  
Take the fall  
Take my place  
Take it all just for anything  
It cost me everything  
CHORUS  
Cause I would follow you in blind  
But would you justify my crime  
Sending one more down the line  
God I think Iâ€™m going blind  
GUITAR SOLO  
CHORUS  
You better look away  
You better look away  
You better look away
