What can I do to you to make you see
The way your living is not sane to me
You once were blind when will you see
Your man of light he speaks profanity
Hey oh can you see
You're in a dream far from reality
Hey oh can there be
A place in time where you'll be free
CHORUS
The book of names
Is it written with his blood?
The book of names
Is it power that you love
Oh in this house of good where evil reigns
Will you find life inside the book of names
Don't be the one to stand by his right hand

Or reap the darkness of his promise land
Hey oh can you see
You're in a dream far from reality
Hey oh can there be
A place in time where you'll be free
CHORUS
BRIDGE
Don't let his teachings
Mislead you
Turn away from his lies
Don't let his power deceive you
No matter how hard he tries
The book of lies
Hey oh can you see
You're in a dream
Far from reality
Hey oh can there be
A place in time
Where you'll be free
CHORUS
The book of lies
His lies
