

## Hyper Crush "Maniac"

Visit "[Maniac](#)" on MotoLyrics.com

(Holly)

Stay focused on me, it's so good it's hard to breathe  
I'm ready to go, pull my hair until I scream

(Donny)

Stay focused on me, tell you how it's gon' be  
You's a sexy motherfucker, introduce me to your  
mother

(Holly)

I'ma touch it if I want, we ain't doin' nothin' wrong  
Can't do this alone, keep it goin' all night long

(Donny)

I can touch it if I want, you gon' miss me when I'm gone  
Hit me on my celly, love it when you tell me-

Touch it (you know I will)

Let me know you want it (okay)

'Cause I'm a maniac

Don't rush it (aaahh)

Let me see that you've got it

C-c-cause I'm a maniac

(Donny)

Now that you're in front of me, I'ma put that ass to  
sleep

You can feel it in your knees, thought it wasn't- PSH-  
please

(Holly)

Now that you in front of me, I'ma show you I'ma freak  
Ready to explode, show you things you've never seen

(Donny)

Now you've got yours and I've got mine, you're my girly  
on the side

You know I do it well, don't go playin' kiss and tell

(Holly)

Now you've got yours and I've got mine, don't go home  
and call your guys

(Keep it on the low), we can do this all the time

Touch it (you know I will)

Let me know you want it (okay)

'Cause I'm a maniac

Don't rush it (aaahh)  
Let me see that you've got it  
C-c-cause I'm a maniac

Touch it (you know I will)  
Let me know you want it (okay)  
'Cause I'm a maniac  
Don't rush it (aaahh)  
Let me see that you've got it  
C-c-cause I'm a maniac

You know I'm ready  
You know I'm ready ready  
You know I'm ready  
You know I'm ready to go  
You know I'm ready  
You know I'm ready ready  
You know I'm ready  
You know I'm ready to go

Touch it (you know I will)  
Let me know you want it (okay)  
'Cause I'm a maniac  
Don't rush it (aaahh)  
Let me see that you've got it  
C-c-cause I'm a maniac

Touch it (you know I will)  
Let me know you want it (okay)  
'Cause I'm a maniac  
Don't rush it (aaahh)  
Let me see that you've got it  
C-c-cause I'm a maniac
