feat. Riff Raff

Visions of coleco, call that cold pico  
Visions of coleco, call that cold pico  
Visions of coleco, call that cold pico

Visions of coleco, call that cold pico  
On my way to Puerto rico, bring it on my ego  
Bo, ce, l, listen dj, take that fucking record off  
And put this shit on replay  
Put shit on, put this shit on, put this shit on  
Put this shit on replay  
Put shit on, put this shit on, put this shit on  
Put shit on, put this shit on, put this shit on

I'm a fab bitch, I'm beautiful  
I'm in a bad bitch, I think I'm suitable  
On my toes like, I'm a ballerina  
I'm on point, call me Angelina  
Put shit on, put this shit on, put this shit on  
Put this shit on replay  
Put shit on, put this shit on, put this shit on  
Put shit on, put this shit on, put this shit on

I done sworn the lion like a green giant  
How shila do it here, the white Kobe Bryant  
The game silent, but my money keep me acting  
childish  
I'm in the parking lot, popping bottles like lady gaga  
I spend some many bands I look like kid rock  
The bell hop louie luggage cost a half of block  
Pop a couple bandz risk will never plan  
Out of hand, left hand, touch a sugar sand  
Saint tropez pay spot, I'm locked lot  
My paz au revoir, smoking strong pop bop

Visions of coleco, call that cold pico  
Visions of coleco, call that cold pico  
Visions of coleco, call that cold pico  
Visions of coleco, call that cold pico

Visions of coleco, heavy like d bow  
Big bone bitches taking in, t bone  
Keys to my riple, we ride like an eagle  
And ain't nobody trippin cause I'm rollin with my people  
Put shit on, put this shit on, put this shit on  
Put this shit on replay  
Put shit on, put this shit on, put this shit on  
Put shit on, put this shit on, put this shit on

Get my head right, got a bunch of kittens  
Turn the heater up, I'm hotter than 100 mittens  
Getting paid to say nothing, that's a fucking living  
And I ain't even say it shit, so that's a fucking giving  
Put shit on, put this shit on, put this shit on  
Put this shit on replay  
Put shit on, put this shit on, put this shit on  
Put shit on, put this shit on, put this shit on.
