"Praying For Sunny Days"

Visit "[Praying For Sunny Days](#)" on MotoLyrics.com

The thunder echoes
From the mountains to the waves
Sometimes I wish I could tell the clouds to behave
Calm the stormy seas
Just by stretching out my hand
But I am just a man, only a man, so I'm

(Chorus:)

Praying for sunny days to return to me
Seeking the warmth of the solar rays
I'm not just seeing the gray skies in front of me
Praying for sunny days

This torrential downpour has my brain in a trance
I'd get up and move but I just can't dance
Lord, You know that I've done all I can
But I am just a man, only a man, so I'm

(Chorus)

Rain, rain, go away, I have faith that you won't stay
I don't care what doubters say
Sunny days will come my way
Then the birds come out to play
By the light of one sun ray
Now I kneel me down to pray,
"Please, God give me sunny days"

(Chorus)
