Git up you Black yankies  
don't be no Follow Fashion Monkey  
(Rep.)

Follow follow follow fashion monkeys  
Never drink good soup  
So drink the water from your own stream  
Before you loose your roots your roots, your roots  
Shala-wala walab-shah-shab  
Shab-sha-shala-wala-walab-shab sha.  
don't like the way you hold back from me  
Just give me the vibes I need cause I'm ready  
don't like the way you hold back from me,  
Just give me the vibes I need cause I'm ready

Be your self and no one else  
it's time you stop your adaptions  
then you'll know the truth is in  
you and learn to make your own decision

So git up you Black yankies  
don't be no follow fashion monkeys  
(Rep.)

I've seen you play the games of  
Lead and I'll follow, so many times before  
Now I'd just like your attention

To borrow to get my message  
through your doors, your doors, your doors  
Shala-wala-wala-wala-shab-shab  
Shab-sha shala-wala walab shab

There's too much barriers  
Between you and I  
Tho' we're both of the same kind  
It's the same current that runs through our minds  
So trap your egos' to mine.

Stop a while and keep your cool and  
Listen to what I'm saying  
Tho I know temptation strong

You'll reap the treasure of knowing  
Then you'll start growing, growing, growing.

Dread up that's your culture  
Live up that's life, don't let devil use you  
For all them shining precious stones  
They're gonna rub right off  
So don't let them fool you  
Please don't let them fool you, fool you fool you

So git up you Black yankies  
Don't be no follow fashion monkeys  
(Rep.)
