Everyone is gone now
May they all rest in peace
I remember what you said
Do you still believe?

I am just the same now
Just the same man
You denied
Everything has changed now
Am I the same man
In your eyes?

Now that I'm left
The last one with breath
I can feel your regret coming down
I know that you're jaded
Broken and faded
I bet I look good to you
Don't I look good to you know?

Everyone you know now
Has been lost and can't be found
It's funny how 6 feet
Can seem so deep from underground

I'm still just the same man
Just the same man
You despised
With everything that's changed
Am I the same man
In your eyes?

Now, what happens now?

Now I know that
I'm alone so
Why are you here now?
